Land Trust**

Education Committee Programs

Our mission is to enhance students' environmental awareness through hands-on learning experiences in our community.

6th graders on Cuttyhunk for STEM learning about wetlands, birds, waves, shipwrecks, and more!

5th graders on a walking field trip to the historic Tub Mill in Mattapoissett

MLT Education Committee Sponsored Activities:

- Student Field Trips
- Kayak Camp Days with MattRec
- Environmental Research Activities
- Educational Movies
- Story Walks
- Scholarship
- Earth Day Cleanup

3rd graders at the Buzzard's Bay Coalition Saw Mill exploring the river and fields for fish, birds, animals, and frogs

ORRHs at the Marine Biological Laboratory and Woods Hole Oceanographic Institute

8th graders learning about the lifecycle of trout through the ORRHHS “Trout in the Classroom” project concluding with their release into the Mattapoissett River

Visit our website to find:

- Our Story Walks on MLT properties
- The Fairy House project
- Podcasts describing the MLT Trails
- Trail Maps for great local family hikes

ORRHHS Marine Biology Class conducting the Eel Pond Estuary Water Quality Analysis Program

7th graders at the Cape Cod Canal Herring Run and Visitor's Center learning about herring, canal bridges, and ship navigation
