

# SCAVENGER HUNT

## DEXTER AND “TUB MILL” PROPERTY

**Location:** Head west on Route 6 toward Fairhaven. The Park will be on your right. Take immediate right onto Mendell road. Parking lot is across from Mattapoisett Highway Department Barn.

A visit to the Dexter/Tub Mill property is not only a chance to experience the beauty of this natural park like setting, but also a step back in time. Listening to the waterfall and flowing waters of Tub Mill Brook allows one to imagine the presence of a water-powered sawmill operated by the original property owner, Elisha Dexter. In the 19<sup>th</sup> and 20<sup>th</sup> century, the mill produced wooden staves for tubs and barrels. During a thunderstorm in 1911, the mill building burned down. Today only the earthen dam and millrace still exist. The historical stonework of the millrace offers a look back to the early days of the industrial revolution when rushing water from rivers and streams provided power to small village factories, such as the one that was found at this site. Mattapoisett Land Trust acquired this property in 1999.

Please be aware of ticks when visiting properties and check yourself after visit  
Be cautious when standing near the stream and dam.

Here are a few things to look for while you are at DEXTER/TUB MILL PARK ~ check off as many as you can find! Take a picture of those items that you find interesting.

## SEE...
