

Guidelines for Grant Applications to Mattapoisett Land Trust Education Committee

The purpose of the Mattapoisett Land Trust Education Committee (MLT Ed Committee) is to promote access to and excellence in the environmental sciences in order to improve the quality of life for all area residents and to contribute to the vitality of our community.

The intention of the MLT Ed Committee is to reach as many local community school-age children as possible. Events which benefit a significant number of children will be given priority over those events that only benefit a few. The MLT Ed Committee will promote projects that involve and encourage environmental education, the arts as well as physical activity, are directed at improving academic skills, and encourage children to explore the world around them and their role within it.

To apply for a grant for your educational program, please email us the following Educator Grant Application information. Please note that notification of a grant award may take up to one month from receipt of the application. If a grant is awarded to you, you must submit the Request of Grant Payment information upon completion of your program in order to receive the grant funding.
